

# MOUNTING HIGH TABLE

## Mounting

Two rustproof aluminium half shells are screwed to the centre pole and remain at the parasol permanently. The two table plates are simply attached and fixed. If applicable, the table plates can be mounted and demounted daily. Therefore, even parasols with very long spokes may be closed daily and the standard protective sleeve can be slipped over. The high table can be retrofitted to an existing parasol. Instructions: [may.ag/357453\\_en.pdf](http://may.ag/357453_en.pdf)

## Dimensions

The table plate outer diameter is 60 cm and the thickness of the plate is 13 mm.

## Colours

White decor; suitable for frame colour RAL 9010  
Grey decor; suitable for frame colour RAL 9006

## Material

The table plates are extremely durable and designed for outdoor use. The basic material is a high pressure laminate plate (HPL), made of solid melamine resin and therefore is extremely weather-resistant. The fixture is made of aluminium, anodised EV1.

## Care

The table plates can be cleaned easily. Clear, warm water, soap and a sponge are adequate for regular stain.

## Mountable high table around your MAY parasol

Provide your guests a high table for drinks or an ash tray. An outdoor meeting point for social gatherings of small groups. Mounted to the centre pole, you can simply expand your service area as there is no extra table leg required. Positioned at a height of 70 cm and combined with seating, the table optimally complements your service area. Therefore, you make use of the full capacity of the space available.

## Benefits

- additional standing room directly below the parasol
- can be mounted at any height
- retrofittable
- two-piece design, therefore easily dismantled in the evenings
- extremely robust, high quality material (HPL)
